

ADOPTION Support

*I'm glad
I was adopted!*

WE ARE HERE FOR YOU!

Considering Adoption as a Parenting Plan for your baby? We're here to help. Adoption is beautiful. Research shows that birthmothers who make an adoption plan report a high level of satisfaction with their decision. So many parents are waiting to adopt an infant in Nova Scotia. You can choose the parents and you can decide how much interaction you have with the child and adoptive family. We can walk with you through the entire adoption process and support you along the way.
